

*Cool blue and gray tones both indoors and outdoors echo the lakefront setting.*

**T**his West Bloomfield lake house by Jennifer Asmar of **Asmar Interiors** offers gorgeous views of Pine Lake, especially on the semi-enclosed porch located towards the rear of the home. Jennifer used calming blue and gray tones in the interior spaces to create a relaxing feel throughout the home that pays homage to the lakefront setting. A 54-inch sliding glass

doorwall connects the open kitchen/dining room to the three-season room where lush greenery provides a natural connection to the lawn and gardens located a story below. The room is equipped with heaters in the ceiling, glass railings, and retractable screens which are sure to keep the homeowner's guests comfortable well into the evening.
