

Cheryl designed the living area to be comfortable and cozy, and it has quickly emerged as the couple's favorite spot in the home. An area rug was used to identify the space, and everything is intentionally tight together to create intimacy. One of the lower-level's most unique features is the vertical wooden louvres that act as a dividing wall to help obscure the hidden workout equipment and pool table.

Sofas, swivel chairs and side tables: available at **CAI Designs**.
Pillow and stool fabric: **Tennant & Associates**.
