

Add a pivoting TV back panel to Spazioteca and watch television from your sofa or dining table as you please.

Pianca: The Gallery of Luxury, Suite 33.

## FORM FITTING

The classic bookcase concept receives a modern upgrade thanks to Pianca's versatile *Spazioteca* modular system, which allows options for full or partial wall configurations, an integrated home office set-up, and a stylish storage unit. The system, which is finished on both sides, can even act as an architectural wall to define separate spaces within the home.

## ARCHITECTURALLY INSPIRED

Many items in Alexa Hampton's collection for Theodore Alexander add instant architecture to any room. The *Jaiipur Wall Mirror* (A) evokes Moorish architecture with a sculpted arch surrounding the mirror plate. The *Hunt étagère* (B) is rife with global influences like the molded pagoda cornice and spiral column supports detailed with carved capitals.

Gianti's *Moondance Collection* (C) features several textural wallcoverings with geometric designs, including this Art Deco inspired pattern. Available in seven stunning colorways.
